

Home Entry

Make your home more welcoming by adding smart lighting from Control4, and never come home to a dark house again. With the addition of Control4® lighting, your house welcomes you home by automatically turning on lights as you enter. It's an easy addition to your Control4® system and it makes all the difference!

Suggested System Components:

- Control4® HC-250 or HC-800 Home Controller*
- Control4® Dimmer or Control4® Switch
- Contact device (Card Access or Nyce Control recommended)
- Or smart door lock (Baldwin, Kwikset or Yale recommended)

* At least one HC-250 or HC-800 Home Controller is required
